PROJECTS

PORTFOLIO dravidsenthil.netlify.app

- My portfolio represents who I am, and it showcases all of my projects. You can explore my projects through my portfolio.
- Creating my portfolio, I learned to manage React components and implement functionality using JavaScript.
- I used CSS and BOOTSTRAP for styling my portfolio because I wanted to further enhance my CSS skills and build a strong foundation in this area
- I ensured that it is fully responsive. This project has helped me acquire the skills necessary to create a responsive portfolio.

FOOD ORDERING WEB APPLICATION romato-food-delivery.netlify.app

- Romato is an dynamic web application designed to facilitate the ordering fast foods with low price and get it delivered to their doorstep.
- The project showcases my ability to develop a full-fledged frontend application from scratch, utilizing modern web development technologies and best practices.
- Romato not only highlights my technical skills in React.js and frontend development but also demonstrates my ability to build practical solutions that address real-world problems.
- Ensured the application supports endless scrolling and responsive seamless user experience.
